Examity - Deleting an imported Canvas Quiz

The details of published Canvas Quizzes are imported over to your Examity Dashboard within 24 hours. The best practice is

- check those Details to make sure the proctors are receiving updated information.
- eliminate any quizzes that will not be proctored.

NOTE: if you make changes to the Quiz/Exam in Canvas, you must also check Examity to ensure the changes show on your Examity Dashboard.

➢ Access the Examity link under your course Modules.
  o If you have not done so, setup your personal time zone.

➢ Click

1. Name of course
2. Expand arrow
3. Tools to control the Course.

➢ Find the current semester’s course to

2. Expand arrow
4. Test name
5. Tools to control the Tests/Exams
6. Indicates whether the details were imported from Canvas or the Exam was created by you on this site.

➢ If the test is not to be proctored, click

   to remove it from the list on the Examity site. This does not affect the quizzes in Canvas.
